City of Laredo - Purchasing Agent

**9.0 INTENT OF CONTRACT**

There are two types of contracts awarded for materials, equipment or services.

- (a) ACTUAL QUANTITIES CONTRACT: Quantities specified are actual amounts and are based on the best available information. The purpose of this contract is to establish prices for the amounts and kind of commodities indicated. The quantity indicated is the quantity the City wants to purchase, but the actual amount purchased is subject to change orders which may increase or decrease the commodities purchased by 25% more or less.
- (b) ANNUAL SUPPLY CONTRACTS: This contract does not commit the City to purchase the quantities indicated. The quantities are estimates and are based on the best available information. The purpose of this contract is to establish prices for the commodities or services needed, should the City need to purchase these commodities or services. Since the quantities are estimates, the City may purchase more than the estimated quantities, less than the estimated quantities, or not purchase any quantities at all. The needs of the City shall govern the amount that is purchased and change orders shall not be applicable.

The City's obligation for performance of an annual supply contract beyond the current fiscal year is contingent upon the availability of appropriated funds from which payments for the contract purchases can be made. If no funds are appropriated and budgeted during the next fiscal year, this contract becomes null and void.

If the contract is for the construction of public works or for the purchase of materials, equipment, and supplies, the municipality may let the contract on either on a lump-sum basis or a unit price basis as the City determines in the specifications. If the contract is let on a unit price basis, the information furnished to bidders is the approximate quantity needed, based on the best available information, but payment to the contract will be based on the actual quantity constructed or supplied according to the change orders.
